Scientific articles of the Conference participants must be prepared in English or Ukrainian according the requirements for scientific publications (http://ceur-ws.org/Vol-XXX/CEUR-Template-1col.docx) and submitted by September 20, 2021 to Conference Program Committee (https://notso.easyscience.education/pddig/2021/).

Selected and peer-reviewed scientific articles of the Conference participants, submitted according the requirements, will be published in the Proceedings of the II Scientific and Practical Conference with International Participation "Professional Development in the Digitized Society: Current Trends" and other publications of SIHE "University of Educational Management".

Program committee of the conference will provide support to the authors of peer-reviewed scientific articles prepared in English for publications in scientific journals indexed in international scientometric databases. In this case, there might be a need to refine the article and change the formatting as required by the publication.

REQUIREMENTS FOR DESIGN AND SUBMISSION OF SCIENTIFIC ARTICLES:

Conference participants are invited to submit complete and original research articles (at least 10 pages), prepared in Ukrainian or English, including review, methodological, promising articles in thematic areas of the Conference via HotCRP (https://notso.easyscience.education/pddig/2021/) by September 20th, 2021.

The submitted articles will be reviewed by three members of the Program Committee **based on the following criteria**: technical quality, relevance, originality, relevance and clarity. If necessary, a fourth additional reviewer will be involved. The Program Committee uses these reviews to determine the articles that will be accepted for presentation at the Conference. The results of the review will be sent to the authors by e-mail together with the comments of the reviewers (if available).

MAIN REQUIREMENTS FOR THE SCIENTIFIC ARTICLE:

Papers should be original and should not have been previously published or considered for publication during the evaluation for this conference. The verification process will be blind. **Materials must be**: a) correct and reasonable; b) original (not published elsewhere in part or in full and not submitted to other places for simultaneous consideration); c) presented at the Conference (at least one author of each article must be present at the conference); d) correspond to the subject of PDDig-2021. A maximum of two articles per author is accepted. There should not be more than five authors in one work. The number of references in the list of references should not be less than 10 and should include modern foreign research. Self-citation should not exceed 10%.

Authors are encouraged to contact the Publishing Ethics Committee (COPE) on all aspects of the ethics of publications (http://publicationethics.org/) and to **adhere strictly to the ethical rules** described at https://www.shs-conferences.org/about-the-journal/publishing-policies-ethics, in particular:

1) One study is not divided into several parts to increase the number of submitted materials, and it is eventually sent to different edited book projects or journals or to one journal (so-called "salami-publication").
2) No data was fabricated or manipulated (including images) to confirm the conclusions of the manuscript.
3) No data, text or theories of others are presented as if they belonged to the authors ("plagiarism"). Appropriate references to other works must be provided (this includes material that is carefully copied (almost verbatim), summarized and / or paraphrased), quotation marks are used to copy the material verbatim, and permission is granted for copyrighted material.
4) Consent to the submission was obtained from all co-authors and responsible persons of the institution (organization) where the work was performed before the submission of the article for publication.
5) The authors, whose names are mentioned in the material, have made a sufficient contribution to the scientific work, and therefore share the collective responsibility and responsibility for the results.

PROCEDURE FOR SUBMITTING A SCIENTIFIC ARTICLE:
