Dear Rector Magnificus,

On behalf of the Senate and the Rector of the Maria Grzegorzewska University in Warsaw, I would like to express our sincere congratulations for the 70th anniversary of your University of Educational Management.

We hope that this important anniversary not only brings joy and hope to the academic community but also opens a new chapter in your beautiful history and tradition, a chapter of close partnership with your Polish academic friends, bringing Ukraine closer to the EU accession and to many years of prosperity and success.

Furthermore, we express complete condemnation of the acts of unprovoked aggression from the Russian Federation and remain committed to supporting Ukraine in such difficult times. We look forward to the restoration of peace and justice and remain humbled by the bravery and strength of the Ukrainian independent nation. Glory to Ukraine! Glory to the heroes! Slava Ukraini! Herojam sława!

With upmost respect and with warm wishes,

Prof. dr hab. Anna Odrowaz-Coates
